## About Our Company

CREATV is a user-centered, interactive design and development studio. We specialize in solving problems to produce intelligent designs, deliver engaging experiences and build meaningful connections. We work with great clients to create thoughtful and purposeful online experiences.

Founded in 2011, CREATV has years of experience building solutions for our clients. Not just a development shop, we can speak the language of our clients, bridging the gap between design and code. Problem-solvers with a pulse, we always figure it out.

# What We Do

Whether you want to create a blog, eCommerce store, portfolio of your work, business website, or all of the above, we can make it happen!

## Building Your Brand

Developing and sustaining a dependable brand voice across all facets of your digital marketing strategy is crucial to building long lasting relations that will maximize customer

## Engaging User Experiences

We work with you to design a modern, responsive & mobile-optimized website that works on today's devices and beautifully presents all the great things about your brand, gains you traffic, and attracts customers.

# creativ

We believe well-designed websites are a thing of beauty — but unlike some agencies, we're equally focused on the aesthetic and technical aspects.

That's the CREATV difference.

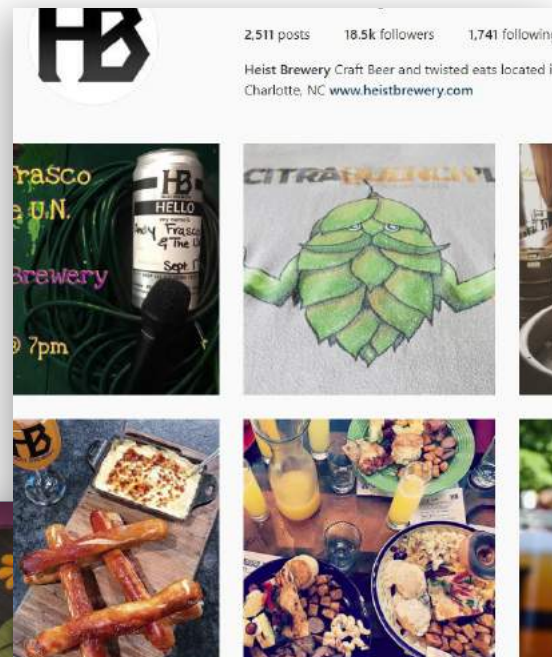

*Andrew & CREATV performed an excellent job on our website redesign. They were always available when needed, had great communication and delivered on everything they promised.*

## Social Media Marketing

Each social media platform has its own strengths and limitations. Your digital strategist will analyze your market to identify the best platforms to meet your goals.

A targeted social media campaign allows you to reach your audience and influencers through channels that are personal to them, where they are interacting directly with friends and family, or with those who share similar interests.
